

EDUCATION

S. N. G. H. S. Chempazhanthy	Kerala,india
Higher secondary, Computer Science	June 2019-August 21
UIT Pirappancode	Kerala,India
Degree, Computer Science	June 2021-April 2024

PROFILE SUMMARY

I am a dedicated Full-Stack Developer with a strong foundation in MERN stack technologies (MongoDB, Express.js, React, Node.js). I possess a passion for crafting innovative web applications that deliver exceptional user experiences. With a focus on building scalable and efficient solutions, I am adept at managing projects from inception to deployment. My skills in front-end development, back-end architecture, and database management enable me to deliver high-quality and robust web applications. I am eager to contribute my expertise to a dynamic team and contribute to the development of cutting-edge software solutions.

PROJECTS

Social Media Website	February 23-May 2023
Tools: html, express.js, mongodb	

This was my first college project, an advanced social media platform for sharing text, images, videos, and files.

- Developed the front-end using hbs, creating a responsive and intuitive user interface.
- Integrated a front-end interface with a robust Express.js back-end for seamless functionality and efficient data management.
- Implemented robust data security measures with MongoDB, ensuring 100% data protection and reliability.

Southern Tourism	September 23-October 2023
Tools: html, express.js, mongodb	

The Southern Tourism Web-Based Project is a comprehensive online platform designed to promote tourism in the Southern region.

- Developed the front-end using hbs, not responsive but intuitive user interface.
- Connected the front-end built with hbs to the back-end powered by Express.js for smooth and dynamic user interactions.
- The platform allows users to share their experiences through reviews, ratings, and feedback, enabled by API integration.

My Profilio Application	July 24-October 2024
Tools: React.js, express.js	

Designed and developed a responsive personal portfolio showcasing projects, skills, and expertise using modern web technologies.

- Crafted a dynamic and responsive front-end with React.js, delivering an intuitive and engaging user interface tailored for seamless user experiences.
- Integrated dynamic features, including a contact form and links to GitHub and other professional platforms.
- Focused on user-friendly navigation and aesthetic design to enhance the user experience..

CERTIFICATIONS & TRAINING

- Currently advancing my expertise in Java Full Stack Development, focusing on building robust back-end systems, efficient APIs, and user-friendly front-end interfaces to deliver comprehensive, end-to-end web solutions.
- Certified Industrial Visit: Srishti Innovative Computer System, Technopark, Trivandrum, Awarded for attending a one-day visit to gain practical insights into IT industry practices and operations.

ADDINATION IFORMATION

Programming: React.js, JavaScript, Node.js, MongoDB
Tools: Visual Studio code, Eclipse IDE, Figma
Soft Skills: Teaching, Project Managing
